Albany, N. Priction Becomes Acute.

Priction between governor Salzer and Charles F. Murphy over direct primaries became acute in April last, when the Biauvelt direct primaries bill, called the "indirect primaries bill" by its opponents, was jamined through the senate. Murphy's licutemants, with the whip hand, drove the Wigwam senators into line and the bill went through. On the following day governor Sulzer designated senator Duhamel, of Kinga, and assemblyman Eiser, of New York, to introduce a direct primaries bill in this zenate and the assembly, respectively, which met his views of what a bill should be to conform to the Democratic platform pledges.

your The governor held that the party promised the people a direct primary legislation, statewide in scope and covering every elective office.

Don the other hand Murphy and his followers asserted that the governor's bill was impracticable and unwieldly and that it pleased political parties to pahr, complicated and intricate changes when which could not be in Evergreen cometty. The assembly took up the Eisner biff. It was a foregone conclusion that it would be defeated. Governor Suizer's friends in the assembly, however, made a strong fight. The lower branch of the legislature remained in session all night on May 2 and early on the morning of May 2 killed the Suizer-Eisner bill by a vote of \$5 to 47. Cansideration of the Suizer bills in both the senate and the assembly was accompanied by most remarkable scenes in which the Tammany legislators bid defiance to the governor. Vituperation was openly poured upon his head.

On May 8, Spizer leaved a proclamation cailing a special session for June 16 and immediately commenced his fight by addressing three meetings in Butfalo in one night, during which he explained his own direct primaries bill and attacked the Tammany bill.
